

Deconstructing Bias Share out

Greetings,

Tomorrow during class, we will be having some time about, 3-5 minutes each, to share out about our deconstructing bias papers. No need to prepare anything formal, it will just be a brief discussion about what you did and reflected on. Then classmates will be able to ask questions.

As a reminder also, group B is slated to act as the discussant lead for tomorrow. Please make sure groups are being equitable in sharing responsibilities for these activities. The last several weeks have been excellent! So keep it up.

Will
